Engineers and Headquarters Company Hosts at Happy Events _

(Special Star-Bulletin Correspondence) D. 3d Regiment of Engineers, gave a very delightful smoker Saturday evening as a welcome to the new members from the Philippine Islands. 1st Lieut, Raymond A. Wheeler was present at the early part of the entertainment and made an address of welcome, which was most enthusiastically received by the men, and during the evening a delightful repast prepared by the cooks of Company D. Speeches were made by the former members of Company I and by the men recently arriving in Fort Shafter, and he entire company voted the evening's entertainment one of the happlest ever enjoyed by the Engineers.

the Headquarters Company, for the building and furnishing of a dayroom, was held in Mansfield hall, Spanish War Veterans' Club, at Fort Shafter Saturday evening. The dancing room was most beautifully and tastefully decorated by the committee in charge with American flags and Union bunting. The 2d Infantry band played most beautifully the new and special music secured for the occasion, the dances, especially the onesteps, were enjoyed by the merry couples present, while the refreshments prepared under the direction of Sgt. Arndt were made delicious, so that everything-music, feasting and dancing-made the occasion a most enjoyable as well as successful one, long to be remembered in the galeties of Fort adjutant, Capt. Edwin S. Hartshorn, who is the company commander of the headquarters organization, has already purchased a pool table in San Francisco, and with this piece of furniture together with the books and magazines available, the company will have during the coming winter months a much pleasanter place in which to spend the evenings than simply in the barrack rooms as in the past.

Officers and Men Take Trim Craft Out for Speedy Run Off Harbor

In a 10-mile test of the new naval militia steam launch held on Sunday the first run since her arrival here s week ago-the little 35-foot craft scored a perfect record, according to

Ensign Leslie W. Dranch and Ensign H. W. Eng'e, together with 12 men, made the trip, which led out toward Pearl Harnor and back toward Walkiki and Diamond Head. Ensign Branch said today that the boat worked perfectly in every way.

The lanneh arrived on the Manoa last Tuesday. She has a steam engine of 30-horse power and is painted white. She was shapped here from the navy yard at Mare Island for special use of Hawaii's naval militismen. As yet no name has been given to her.
